## Sligo Sport and Recreation Partnership Child Safeguarding Statement

### LSP information:

Sligo Sport and Recreation Partnership (SSRP) develops, supports and provides opportunities for children to participate in sport and physical activity programmes and events in Sligo. SSRP offices are located in Quay Street, Sligo and has eight staff.

SSRP believes that the best interests of children attending our activities are of paramount importance. We believe that all children attending our activities have the right to be protected, treated with respect, listened to and to have their views taken into consideration in decisions affecting them.

### Principles to safeguard children and young people from harm:

SSRP is committed to safeguarding children and by working under the guidance of our Safeguarding Policies our staff, service providers and partners, working with children, throughout the organisation, seek to create a safe environment for children to participate in sport and physical activity. The following set of principles should be adhered to:

- **Importance of childhood** - The importance of childhood should be understood and valued by everyone involved in sport.
- **Needs of the child** - All children's sport experiences should be guided by what is best for children. This means that adults should have a basic understanding of the emotional, physical and personal needs of young people.
- **Integrity in relationships** - Adults interacting with children in sport are in a position of trust and influence. They should always ensure that children are treated with integrity and respect, and the self-esteem of young people is enhanced.
- **Fair Play** - All children's sport should be conducted in an atmosphere of fair play. The principles of fair play should always be emphasised, and organisers should give clear guidelines regarding acceptable standards of behaviour.
- **Quality atmosphere & ethos** - Children's sport should be conducted in a safe, positive and encouraging atmosphere.
- **Competition** - Competition is an essential element of sport and should be encouraged in an age-appropriate manner. A child centred ethos will help to ensure that competition and specialisation are kept in their appropriate place.
- **Equality** - All children should be valued and treated in an equitable and fair manner regardless of ability, age, gender, religion, social and ethnic background or political persuasion.
